TREATY TO BE RUSHED

All Important Peace
Commissions Speed-
ing Up.

U. S. DELEGATES FIRM

Will Not Publish Text
of Treaty Until
Signed.

WASHINGTON, June 7.—Administration officials believe President Wilson's reply to the senate resolution asking for the peace treaty will be that it is not compatible with the public interest to furnish the text of this treaty.

This belief was strengthened by dispatches today from Paris saying the American peace delegation apparently is firm in its decision not to authorize publication of the treaty until it is signed.

PARIS, June 7.—Virtually all the important commissions connected with the peace conference were in session today due to the desire that the work should be speeded up as far as possible.

The council of four met this morning and continued its consideration of the German counter proposals. The commission which held sessions include those on ports and waterways, responsibilities, Belgium and Alsace-Lorraine.

The American delegation to the peace conference apparently is firm in its decision not to authorize the publication of the German peace treaty until it is signed and not even to communicate the official text in its present form to the United States senate.

Old Swindle Is Being Revived In This Country

Evidence of what is believed to be a revival of the old swindle game of Spaniards who attempt to reap a rich harvest in this country, has been received in the form of a letter by George F. Willoughby, storage battery dealer of this city, purporting to come from a man imprisoned at Madrid.

A letter of similar nature was received about two years ago from Richard Barnett of the Fortuna cafe.

The letter received yesterday by Willoughby was addressed to Eugene, Ore., where he formerly resided. It was forwarded to this city. It reads as follows:

"Madrid, April 13, 1919.
"Dear Sir: Being imprisoned here by bankruptcy I beseech you to help me obtain a sum of \$360,000 I have in America, being necessary to come here to raise the seizure of my baggage, paying to the registrar of the court, the expenses of my trial and recover my portmanteau containing a secret pocket where I have hidden two checks payable to bearer for that sum.
"As a reward I will give to you the third part, viz., \$120,000.
"I cannot receive your answer in the prison but you can send me a cablegram to a person of my confidence who will deliver it to me, addressed as follows:
"Luis Soteros, Plaza dos Mays, 3, Apartment B, Madrid, Spain. Answer Willoughby.
"Awaiting your answer to interest you all my secret, now I sign only, R. de S."

In a number of other cases, similar to this one, the person addressed is asked to answer by cable. Then he will be asked to turn over a certain sum, when he will be told where the baggage is and how he may obtain the sum supposed to be contained in it. Willoughby will turn over the letter to the postal authorities.

DENVER, Colo., June 7.—Robert S. Martin of Salt Lake City, won the annual Rocky Mountain News modified marathon race here today.

INTERNATIONAL SITUATION.

(By The Associated Press.)
There is every evidence that the leading figures of the peace conference in Paris are endeavoring to hasten the delivery of the allied reply to Germany's counter proposals to the terms of peace.
According to advices, positive instructions have been given by the council of four to all commissions working on the reply to complete their reports by Monday. If this order is carried out it is probable the reply will be framed early in the week and will be immediately presented to the enemy delegation.
From reports coming from Paris it seems that there is a growing sentiment in the council of four that alterations must be made in the treaty, but in what particulars the terms will be modified is not indicated.
Count von Brockdorff-Rantzau, head of the German peace mission, left Versailles last night for Germany. It is reported from Paris that he is expected to return Sunday. French official circles are said to expect the Germans to refuse to sign the terms and it is pointed out that as delay would only favor the Germans there is necessity for haste in bringing exchanges between the enemy and the allies to a close.
A more hopeful sentiment is said to be apparent in Berlin.
Italian Claims Cause Uneasiness.
The Italian claims to territory on the eastern shore of the Adriatic are causing some uneasiness in peace conference circles.
The Italian parliament will meet June 18 and Premier Orlando is demanding that a settlement be reached by that time. Dispatches from Paris indicate that the deadlock over the situation regarding Fiume and the Dalmatian coast is still the source of concern and that efforts to arrive at an agreement have been futile.
Admiral Kolchak's forces operating in European Russia are, it is admitted, checked by the Bolsheviks and it seems probable that there will be, to say the least, quite a serious delay in carrying the campaign to a successful conclusion.
Hungarian Bolshevik forces continue to advance against Czech troops between Budapest and Vienna.

Meetings of the league will be held once in three years, the first coming probably next October in Washington.

The convention adjourned tonight after resolutions had been passed in support of a world campaign against liquor.

UTAH'S B.P.O.E. PRAISED

Order in This State
Recognized for Its
Great Work.

"To be a member of a Utah lodge of the order of Elks is considered a distinction throughout all Elksdom, because of the achievements under the state association," said President O. R. Dibble, of Salt Lake this morning, just before the commencement of the session of the convention of the state association, which opened in Ogden yesterday.

"The Utah state association has brought about two very important amendments to the Elks' ritual under which lodges operate and has thus distinguished itself in all Elksdom," said President Dibble.

"When a man is introduced as an Elk from Utah he is at once held to view as well worth knowing, and is considered as having come from a state where human welfare is one of the big aims among the lodges. He is considered to have come from a region where the members of the order take their fraternal obligations seriously; where selfishness and greed is relegated, and where one tries to bring more cheer and peace and happiness and contentment into life; where one tries to let the light of brotherly love shine and dissolve the clouds of sorrow; in short where one tries to do what he can to make the world a better place to live in."

"The very fundamentals of Elksdom are designed to make a better world, to show forth charity, benevolence and good will and to aid in human betterment. That is why we have taken up the problem of vocational training for the cripples who have come out of the great war; that is why we have joined hands with the Salvation Army to help make a brighter, better world. We are attempting in our small way to bring cheer to the hearts and smiles to the faces of our associates."
